Fellow Tollgaters,

As mentioned during the annual meeting, the landscaping work at the west end of the Association is about to begin. Barbara Cram of Greenscape Inc. has informed us that she can begin work to clear out the old growth and dying trees on Friday, 9 June. She anticipates that this work will take one week.

During this time we will need to have our cars cleared from the parking area at that end of the street. Please ensure that your cars are moved from this area not later than Friday morning so that we can commence the work on time.

Thank You.
